Once you have purchased equipment, it is yours to keep.

For HRCA-coached programs, it can be difficult to estimate the per-student cost if you are opting for parent-pay vs school invoice. You will need to know how many sessions you want the coach to teach, and then you will need to estimate the number of students who may sign up for the program. **A solid planning figure for parents is \$15 per month for the Think Like a King Coach-led program, without any optional items.** Monthly payment plans are available at no charge. 5% discount for parent payments made in full at the start of the program. Schools will be invoiced exact costs once number of sessions and number of students is provided (numbers must be provided before the first day of class).

HRCA is a 501(c)(3) non-profit. Our school chess programs are outreach and not designed to net revenue for our programs. If you overestimate how much each student needs to pay for coaching and end up with an overage, that money is kept in your line of accounting and can be refunded or spent at the desire of the school – e.g. to purchase equipment or pay tournament entry fees.
